## Door Peninsula's NEW Grape Varietals

Not just great fruit wines, but also premier California/Washington grape wines!

This dry white is refreshingly fruit forward with citrus tones, yet full bodied after barrel fermentation and oak aging for six months.

A light red with a first impression of plum, black currant aromas and a dark fruit finish. A great dry, yet soft, table wine.

Well balanced, dry white with pleasant aromas of green apple, tarragon, spice and caramel that carry through in a flavor and finish with a mild lemon note.

This dry, easy drinking red has lightly spicy aromas with hints of jam and mild tannin on the finish.
